THE OFFICIAL IMPLEMENTS OF TOUGH.

Mahindra implements are a superior choice. Officially, they're engineered to be as tough as our tractors, with value-packed features, then field-tested to ensure they meet the strictest standards. We overbuild them for years of uninterrupted performance so you can focus on transforming the property you own into the land you love!

In this guide, we've taken the time to eliminate the guesswork by matching all current-selling tractors to available implements. But if you are a novice, no worries! There are 500 Mahindra dealers ready to guide you toward the right implement.

PALLET FORKS

LET US DO THE LIFTING

Mahindra pallet forks are heavy duty so you can bulk up. Pile on the lumber, feed or seed and we'll lift it with enthusiasm. Our pallet forks are built to save trips and shoulder whatever (up to 4,000 lb.) bulky, cumbersome weight you need moved from A to B all the way to Z. Our customers have used Mahindra pallet forks for unique applications as well. Some use them to place their 4-wheelers and riding mowers into their pickup trucks. Bottom line: we have your back by being a back saver.

FEATURES & BENEFITS

- Reduce downtime using its quick skid steer tool carrier
- Safely and easily adjust fork spacing to match load width
- Protect the tractor and operator from materials via vertical guards
- Replace damaged forks economically and quickly
- Available in two sizes to accommodate any size Mahindra tractor
- One-year warranty for peace of mind

BALE SPEARS

STICK TO IT

Mahindra bale spears aren't afraid to poke a bear of a bale of hay. They live for it. Ideal for medium to large livestock and mixed farms, our heavy-duty bale spears are engineered for handling 500- to 2000-lb round hay and silage bales. They come in two configurations. A single spear is excellent for small round bales while the double spear tackles large round or square bales. You might say Mahindra bale spears have stick-to-itiveness.

FEATURES & BENEFITS

- Reduce downtime using its quick skid steer tool carrier
- Comes in single and double spear configurations to maximize load lifting
- Designed to replace damaged main spears economically and quickly
- One-year warranty for peace of mind

RAKE GRAPPLES

SINK OUR TEETH INTO THE JOB

Mahindra rake grapples are great for gathering roots, stumps, and other debris like stone or concrete while leaving the dirt where it belongs. They also excel at demolition and carry out quick work when transporting timbered logs, precast pipe, and other bulky material. Go ahead and bite off more than a mouthful with this tool.

FEATURES & BENEFITS

- Reduce downtime using its quick skid steer tool carrier
- Comes in 64- or 72-inch width configurations and long forks to maximize load capacity
- Hydraulic power with easy-to-grease pivot pins for years of dependability
- One-year warranty for peace of mind

4-IN-1 BUCKETS

ONE TOOL TO HANDLE IT ALL

Why buy multiple implements for cleanup, grading, scraping, grappling, dozing, and brush removal when you can buy just one that does it all? Introducing the Mahindra 4-in-1 Bucket, a multi-tool comprising a bucket, a grapple, a dozer, and a scraper. Use the loader bucket to load, move and broadcast materials like pea gravel, mulch or dirt using the bottom dump feature. Use the grapple to clamp large bulky items like boulders, concrete footings, or logs. Push away unwanted brush and other debris using the dozer configuration. And level and contour your property with the scraper blade. The 4-in-1 Bucket is a whole heaping of extra.

FEATURES & BENEFITS

- Single-bevel, scraper blade bolts on for easy replacement
- Front and back grapple edges are double-beveled and bolt on for easy rotation and replacement
- Hydraulic hoses and couplers included
- One-year warranty for peace of mind

ROCK BUCKETS

SIFT AND SAVE

Need to clear the dirt of debris without soiling the soil? This implement is built for it. Easily rake, pile and haul away unwanted materials using the Mahindra rock bucket. It's a heavy-duty tool for quickly sifting soil while collecting rocks, roots, tree limbs, building scraps, landscaping waste, and other debris on your property or construction site. Want not and waste not.

FEATURES & BENEFITS

- Great for rock yards, lumber yards, construction sites, box stores, and warehouses
- Heavy-duty, set-up and welded tube framing
- 3-inch tine spacing to easily sifts dirt while capturing rocks and other debris
- One-year warranty for peace of mind

STANDARD-DUTY ROTARY CUTTERS

KEEP YOUR LITTLE PLOT OF HAPPINESS WELL SPRUCED

The Mahindra standard-duty rotary cutter is perfect for small acreage. Easily mow down tall grass, thickets, and new growth saplings in paddocks, fields, woods, and footpaths. It comes with lots of options, including a slip clutch and front and rear chains, for more abusive and intrusive environments. And as a testament to its durability, it's backed by a strong warranty.

FEATURES & BENEFITS

- Fully-welded, 12-gauge steel deck with replaceable skid shoes for long product life
- 40 hp gearbox with a 5-year limited warranty
- Choose shear bolt or slip clutch
- Cuts up to 1.5-inch diameter trees
- Front and rear chain guards available on request

MEDIUM-DUTY ROTARY CUTTERS

KEEP YOUR MEDIUM-SIZE PROPERTY CLEAR OF BRUSH AND GRASS

Medium-size property owners, including farmers and hunt clubs, rejoice. You can rely on the Mahindra medium-duty rotary cutter to cut down overgrown brush, dense vegetation, and 2-inch diameter trees in pastures and woodlands, shooting lanes, and trails. While classified as medium-duty, it boasts heavy-duty components like a high-horsepower gearbox, an overbuilt stump jumper, a standard slip clutch, and a stellar warranty.

FEATURES & BENEFITS

- Fully-welded, 11-gauge steel deck with replaceable skid shoes for long product life
- 90 hp gearbox with a 5-year limited warranty
- Choose shear bolt or slip clutch
- Cuts up to 2-inch diameter trees
- Front and rear chain guards on some models

HEAVY-DUTY ROTARY CUTTERS

BIGGER FIELDS NEED A BIG LEAGUER

Large property owners including livestock and mixed farms, nurseries, orchards, and hunt clubs will appreciate a Mahindra heavy-duty rotary cutter. It takes the abuse of rocks and stumps while clearing overgrown brush, dense vegetation, and saplings up to 3 inches — thanks to its indestructible housing, overbuilt gearbox and slip clutch. It comes with a rock-solid warranty too, so you can confidently mow your fields into pristine condition year after year.

FEATURES & BENEFITS

- Available in 3-pt lift and trailed configurations
- Lift models CAT 1 or 2 quick-hitch compatible
- Fully-welded, 7-gauge steel deck with replaceable skid shoes for long product life
- Cuts up to 3-inch diameter trees
- Front and rear chain guards on some models
- Gearboxes with 5-year limited warranty

FLEX WING ROTARY CUTTERS

WHEN YOU NEED A CUT ABOVE

This is the pro-choice for contour-cutting of brush and grass that you can depend on. The Mahindra F-Series flex-wing rotary cutters are ideal for airports, campuses, estates, farms, parks, orchards, and roadsides. But that's not all. The Flex-Wing deck design lets you cut on rolling terrain without having to make multiple passes and are available in three widths, including 10, 12, and 15 feet.

FEATURES & BENEFITS

- Safety features include deflectors and/or chain guards to protect people, passing cars, and buildings from rocks and debris
- Replaceable, anti-scalping skid shoes for excellent ground contouring and long-lasting deck life
- Heavy-duty turn buckles for fewer breakdowns and less stress
- Smooth, thick wall decks for easy cleanup, preventing rust, and long life
- Easy-lift composite hood for quick maintenance
- 5- or 6-year limited gearbox warranty for peace-of-mind

F-10

We designed the F-10 Flex Wing rotary cutter to operate with compact and utility tractors producing 25 or greater horsepower at the PTO. With its flexible 120-inch cutting width, you'll uniformly cut thick grass, dense brush, and saplings in no time.

FEATURES & BENEFITS

- Works with PTOs transmitting 25 - 60 hp
- Transport width fits through an 8-ft gate
- Average mowing rate of 4 MPH
- EZ-Loc collar for fast hookup
- 1- to 15-inch cutting height
- 2-inch diameter cutting capacity

F-12

With a more compact design than our F-10 model, The F-12 Flex Wing rotary cutter makes narrow turns and close cuts around trees, thanks to its pivoting hitch and form-fitting tires. And its unique wing-bar blade keeps it lightweight while protecting the gearbox output shaft.

FEATURES & BENEFITS

- Works with PTOs transmitting 35 - 60 hp
- Transport width fits through a 9-ft gate
- 12-ft wide cutting deck
- Bi-directional pivoting hitch for impressive short turning radius in tight spaces
- 2- to 12-inch cutting height
- 1.5-inch diameter cutting capacity

F-15

For the Mahindra F-15 Flex Wing rotary cutter, we offer the off-road Farmer and the on-road Pro models. The Pro comes with deck rings to protect the cutter and gearbox shaft from asphalt and other unexpected obstacles. Suited for utility tractors, the F-15 offers a smooth top and bottom deck with dual-cut chambers, heavy-duty gearboxes, and a coil-spring suspension for fast and productive cutting.

FEATURES & BENEFITS

- Works with PTOs transmitting 50 - 130 hp
- Transport width fits through a 10-ft gate
- 15-ft wide cutting deck
- Heavy-duty blade carrier and CAT5 CV main gearbox for harsh applications
- Coil-spring suspension for protection over bumpy terrain and operator comfort
- 2- to 14-inch cutting height
- 2.5-inch diameter cutting capacity

FINISH MOWERS

MAINTAIN A WELL-MANICURED LAWN

Mahindra finish mowers are ideal for businesses, estates, farms, hospitals, orchards, and parks. They transform high grass into a groomed, professional cut lawn. Anti-scalp features include four oversized wheels to ensure even cutting and a floating hitch to hug the contoured terrain. They are easily adjustable and low maintenance machines. Landscaping at its finest.

FEATURES & BENEFITS

- Available in 4 to 7-ft cutting widths
- Adjustable tires with 360-degree rotation help prevent scalping hills and depressions
- Built heavy-duty, with few parts, for low maintenance
- Smooth deck for easy cleanup and to prevent rust
- 5-year limited gearbox warranty

BOX SCRAPERS

KEEP FROM STANDING ON SHAKEY GROUND

Mahindra box scrapers come in handy for ripping ground material, and leveling, grading, and backfilling materials like pea gravel and dirt. Great for construction site work, leveling, and maintaining driveways, garden prep work, repairing holes, and contouring property. We build our box scrapers rugged and quick to adjust and maintain. Our optional scarifier shanks break up compacted soil, while the box holds and channels dirt and aggregate uniformly where you want it. You might say, it can even any playing field.

FEATURES & BENEFITS

- Works with 17 - 60 hp tractors
- CAT 1, quick-hitch connection using clevis pins for easy hookup
- Choose from 4- to 6-ft wide standard-duty models or 5- to 8-ft wide heavy-duty configurations
- Front and rear curved blades are ideal for digging and made heavy-duty, reversible, and replaceable
- Reinforced scarifier slots for long-lasting tool life
- Wide box holds, distributes, and grooms large volumes of material in less time
- One-year warranty for peace of mind

TILLERS

DON'T TREAT YOUR SOIL LIKE DIRT

Mahindra tillers help everyone, from the novice to the commercial farmer, get more out of the soil. They're ideal for home gardening, landscaping, nurseries, orchards, and agriculture. They efficiently increase soil aeration, which helps crops root quicker and grow deeper, improving overall plant health. So, if you need to turn over, break down, mix and weed soil - let us dig in. Our tillers exhibit hefty frames, thick gauge shrouds, overbuilt gearboxes, forgiving slip clutches, robust flanges and high-strength blades. All backed by a 5-year gearbox and 1-year full / comprehensive warranty.

FEATURES & BENEFITS

- CAT 1 quick-hitch compatible
- 4-, 5-, and 6-ft wide tillers with 6.5- or 7.5-inch digging depth, depending on model
- Side-gear drive to ease mechanical stress, reduce heat buildup and extend gearbox and oil life

MEDIUM-DUTY DISC HARROWS

SAVE MONEY WITHOUT LOSING GROUND

Mahindra medium-duty disc harrows are a budget-friendly alternative to more expensive cultivators. They may not have all the bells and whistles, but they're engineered to get your primary tilling done. There are five configurations, all equipped with hardened notched discs and rigid frames to penetrate, chop, bust up, turn over, and aerate compacted soil.

FEATURES & BENEFITS

- Category 1, quick-hitch compatible
- Heavy-duty 2.5-inch tube frame
- Equipped with 16, 18, or 20 replaceable discs
- Available in 66-, 78- and 90-inch configurations
- Sealed self-aligning bearings keep dirt out and improve product life

REAR BLADES

LET US LEVEL WITH YOU

Mahindra rear blades quickly move topsoil, gravel, snow, and other aggregates. They're ideal for grading landscapes, cleaning up worksites, improving roads, and removing driveway snow. All have heavy-duty frames, beefy steel moldboards that pivot 360°, stout reversible and replaceable cutting blades, and are quick-hitch compatible with parking stand. What's more, there are nine configurations to match up with your tractor size and usage level.

FEATURES & BENEFITS

STANDARD-DUTY

- 4 to 6-ft widths
- CAT 1 connection for sub-compact and compact utility tractors

MEDIUM-DUTY

- 6- and 7-ft widths with optional ratchet offset

HEAVY-DUTY

- 7- and 8-ft widths with ratchet offset, tilt, and pivot for ditching or fence line grading
- CAT 1 and 2 connections for utility tractors

LANDSCAPE RAKES

SIFT SOIL INTO SHAPE USING TRACTOR PULLING POWER

Mahindra landscape rakes remove debris while conditioning soil and seedbeds. They're dependable spreading landscaping mulch and compost, grading gravel driveways, and beach grooming too. Our rakes are overbuilt with heavy gauge frames and tempered tines, easily displacing rocks, weeds, and roots while leaving soil where it belongs. 360-degree positioning controls debris purge flow to a single side when pulling or pushing rake.

FEATURES & BENEFITS

- Heavy-duty 5/16-inch thick, 4-inch square tube frame
- 5/16-inch thick, 1-inch wide tempered steel tines
- CAT 1 quick-hitch compatible with parking stand

LAND LEVELERS

LET IT RIP FOR LESS

Mahindra land levelers are an inexpensive tool for homeowners, landscapers, and farmers. They're tough enough to rip into rocky soil and level truly knotty terrain. As well as capable enough to smooth both dirt and gravel roads. They have heavy gauge frames and cutting blades for the most demanding tasks, and are ideal for subcompact, compact, and utility tractors up to 70 horsepower. With this tough tool, you don't have to spend a lot for grading landscapes.

FEATURES & BENEFITS

- CAT 1 quick-hitch compatible
- Choose 5-, 6- or 7-ft widths
- Hefty frame and thick, heat-treated cutting blades for compact or rocky soil
- Commercial-duty, 3/8-inch thick, reversible cutting blade
- Reversible and replaceable skid shoes

AUGERS

DRILL DOWN IN IT

Drop the shovels, post hole diggers, and digging bars. Our Mahindra PTO-powered earth augers are well-suited for home gardeners, farmers, ranchers, landscapers, nurseries, and residential and commercial construction. They work with subcompact, compact, and utility tractors that transmit 25 - 65 PTO hp. These beasts bore through compacted and rocky ground — nearly 4 ft deep — using their heavy-duty high-carbon steel cutting edges, protected by a heavy-duty gearbox and shear bolt. Combined with your tractor's PTO power, our augers make fence building and tree planting a lot quicker and easier. Now, you know the drill.

FEATURES & BENEFITS

- CAT I or 2 compatible
- Shear-bolt protection for your valuable investment
- 6, 9 and 12-inch hole widths and 45-inch boring depth
- Rugged gearbox with robust 2-inch diameter output shaft
- Replaceable, high-carbon steel cutting edges

SPREADERS

GIVE YOUR SEED & FERTILIZER WINGS

Mahindra spreaders evenly distribute fertilizer, grass seed and small grain seed. There are two size configurations to operate with your CAT 1 subcompact, compact, or utility tractor. The pull-type model tows with a tractor, ATV, or UTV. The 440-lb models can carry almost nine 50-lb bags of fertilizer while the 1020-lb version holds 18. Get ready to spread some good into the world.

FEATURES & BENEFITS

- Two CAT 1 and one pull-type configurations
- 440- and 1020-lb load capacities
- Heavy-duty poly hopper to prevent corrosion
- One-year warranty for peace of mind

HITCHES

THE PERFECT MARRIAGE

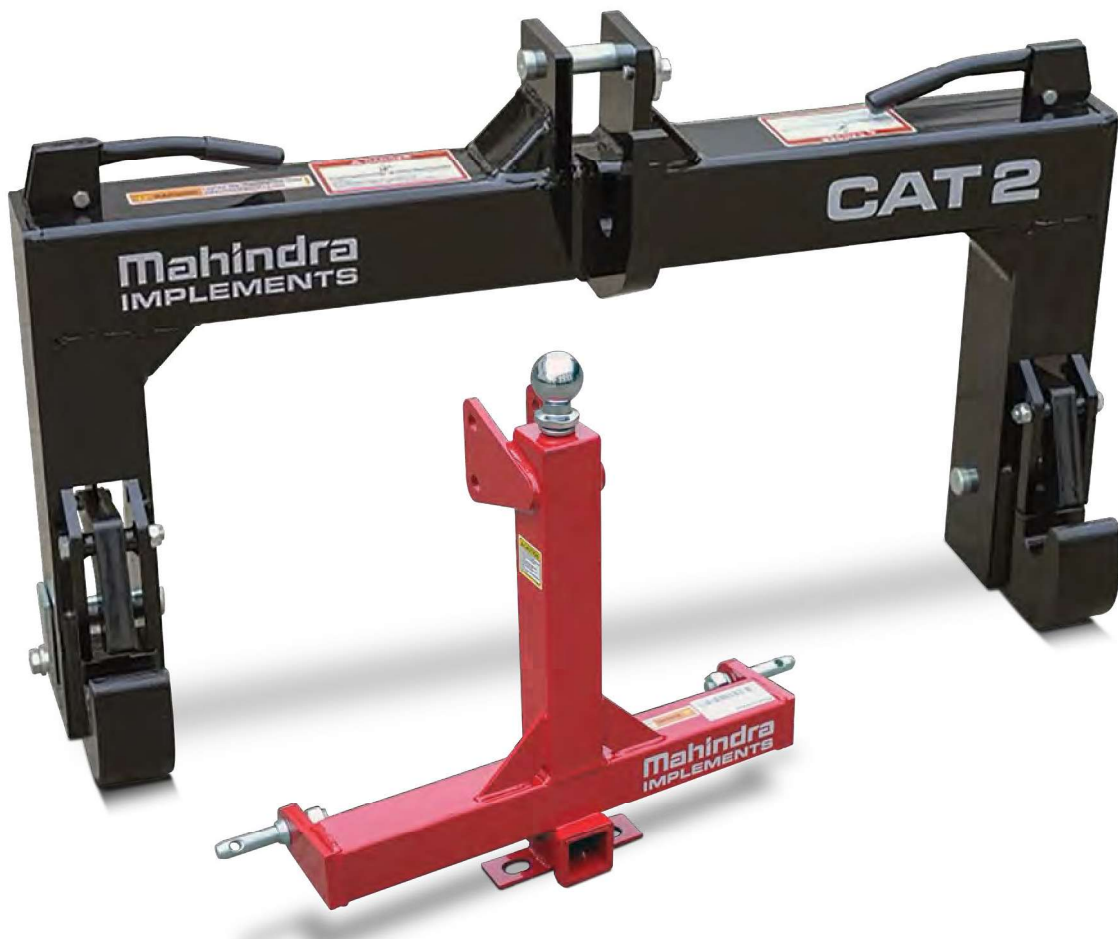

Make the perfect connection with the Mahindra 3-pt quick hitch. It's a back and time-saver, eliminating the need to remove or replace connector pins.^[10] Instead, quick-release levers lock around your tractor's pre-installed bushings in only a few seconds. The Mahindra trailer mover is a must-have 3-pt hitch to help you move equipment, including boats, machinery, and trailers around your property.^[11] Get hitched with us, you won't regret it.

3-PT QUICK HITCH FEATURES & BENEFITS

- 3-pt, CAT 1 or 2 compatible
- Heavy-duty construction
- Locking levers save valuable time attaching and quick-releasing implements
- Available for subcompact, compact, and utility tractors rated up to 140 horsepower
